out again. Robertson said to have declared that Billmeyer left the stand long enough to have gone to his rooming place and return. Robertson said that when the shots were fired Puckett and Stewart and Billmeyer were engaged in conversation, but that he himself was busy waiting on customers.

Saw Pistol in Trunk.
Robertson said he had seen a long, blue pistol in Billmeyer's trunk at their rooming place, but that Billmeyer did not have a gun when he saw him after the shooting.

Billmeyer is said to have told police that Puckett had not reproached him and that there was no ill-feeling between them. He said he heard the shots, ran outside, and was placing a canvas under Puckett's head when arrested.

As soon as reports of the shooting reached here Mr. Puckett, the dead man's wife, and Reid Puckett, his son, left for Savannah to assume charge of the body.

Was City Investigator.
Mr. Puckett was connected with the city auditor's office for twenty years. Two years ago he resigned and for a short time was manager of concessions for the Southeastern fair. Later he made his connection with Mr. Stewart, and together, for nearly two years, they have managed concessions at different fairs throughout the southeast.

Just before his connection with the Southeastern fair, Mr. Puckett was a candidate for superintendent of city parks, but withdrew to accept the Southeastern fair position. He leaves his widow, two sons, Reid Puckett and Willie Puckett, and one daughter, Mrs. Era Crumley, all of Atlanta.

RECOVER JEWELRY

VALUED AT \$1,200

Twelve hundred dollars' worth of jewelry was recovered Thursday by Detective Brown and Hornsby, who had been detailed to answer a call from the home of Mrs. F. J. Williams, of Blue Ridge and Highland avenues. The valuables were found hidden in the house, after officers advanced the theory that thieves, hearing some one, were frightened away, and hastily hid the jewelry, intending to return later for it.

CAMPBELL CHARGED WITH RECKLESSNESS

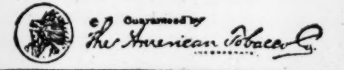

J. F. Campbell, of 103 Powers street, was arrested Thursday night following a collision of his car with the police car driven by Patrolman Carroll, at the corner of Hunter and Butler streets, about midnight, and is being held in \$100 bond on the charge of reckless driving. Two of Campbell's companions in the car were released.

Eleven Hundred Dead in Blast; 4,000 Injured

Mannheim, September 22.—(By the Associated Press.)—Desolation and ruins alone remain of the once flourishing town of Oppau. The town had 6,500 residents, of which a majority of the men engaged in the chemical works were killed or wounded. Soldiers in French uniforms are clearing away the wreckage, picking up the dead and injured as after a big battle.

Eleven hundred dead and four thousand injured is the latest estimate of the disaster yesterday, which caused a greater number of casualties in the Mannheim-Ludwigshafen district than the war years of the war. The desolation around Oppau equals anything seen at Verdun, or in Flanders, or a similar area. Hundreds of persons are digging in the ruins for the bodies of relatives and friends, nearly a thousand of which have been recovered.

Thirty-six hours after the explosion from the gaping, funnel-like hole where the factory works formerly stood, still may be heard moanings and cries of the wounded, while the soldiers search for the dead. The firemen and relief workers have not yet been able to clear the area.

The thirty-second army corps of the French army is in complete charge of the area, and the French medical officer had arrived early this morning to co-operate with the German medical officers and surgeons. The French and German troops are working together, and a big German sanitary train has brought large quantities of medical supplies. German officials thanked General Desgoutte for the prompt manner in which the army came to the assistance of the victims.

KIRKWOOD PEOPLE DISCUSS MERGER AT BIG MEETING

More than 100 people heard speeches in favor of the merger of Kirkwood, with Atlanta Thursday night at the corner of Kirkwood and Butler streets. The vote to decide the merger will occur at Kirkwood on September 26.

The main reason of the meeting was delivered by R. F. Gilliam, who said that if the merger were voted and the legal matter of the merger was settled, it would be judged legal by the supreme court of Georgia. It has been pointed out that when Battle Hill and Oakland City were brought into Atlanta the legality of the mergers were questioned. Mr. Gilliam declared that the result of a legal case following the vote in favor of the merger would result in the merger being upheld. Just as had been done in the case of the other two municipalities.

He also made the observation that all three of the merger bills were drafted by James L. Mayson, present city attorney of Atlanta. C. M. Kenner, chairman of the merger committee, also spoke and stated that the people of Kirkwood now pay into the general treasury \$125,000, while when they merge with Atlanta they must pay only \$85,000.

Professor E. L. Barlow, of Kirkwood, and instructor at Tech High school, Atlanta, said that the people of Kirkwood will benefit in education by facilities by joining Atlanta, because, he said, they will have all the privileges of Atlanta's public schools and colleges.

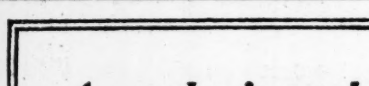

Other speakers were J. R. Bachman and Dr. J. J. Bennett.

Atlantan Elected Head of Association Of Veterinarians

Macon, Ga., September 22.—(Special.)—Dr. A. H. Hirtman, of Atlanta, elected president of the Georgia State Veterinarians, at the business session which closed the fifteenth annual convention. Dr. A. G. G. Richardson, dean of the veterinary department of the University of Georgia, was elected vice president, and Dr. Peter F. Bahmann, of Americus, was re-elected secretary and treasurer.

The next convention was awarded to Albany and will be held in September, 1922, the exact date not having been fixed. About seventy-five veterinarians attended the convention.

A mother's problem—what food gives back the energy a child uses up daily?

CHILDREN use up a tremendous amount of energy every day. Every mother of a healthy, sturdy youngster will testify to this. Children need richly nourishing food to supply this energy, and also to supply food for growth.

The selection of this food is your most important duty. You cannot give too much care to this matter. Grape-Nuts, the rich, wholesome cereal, made from whole wheat flour and malted barley, with milk or cream, supplies very necessary requirements for the growing child.

If you want to help your children to be rosy, sturdy, full of vitality and vigor, give them plenty of delicious Grape-Nuts, crisp, sweet and satisfying.

Go to your grocer today and get a package of health-building Grape-Nuts. Give the youngsters this invigorating food with milk or cream, and see how they will thrive on it and grow strong, robust and sturdy.

MISSING SAVANNAH JUDGE RETURNS TO PARENTS' HOME

Savannah, Ga., September 22.—(Special.)—Announcement is made today that Judge G. J. O'Brien, associate justice of the municipal court who disappeared from this city Tuesday after Labor day, and for whom search was extensively made, returned to Savannah late last night, and is still at the home of his parents, under treatment of the new treaty, the president could not have been recovered. It is said that when he recovers he may resume his place on the bench.

DEMAND BY BORAH TO DELAY TREATY

Continued From First Page.

At once laid before Secretary Hughes by the question put to Hughes, it was understood, was whether or not, under the new treaty, the president could name representatives as Borah claimed that the question had never been answered. Hughes later confirmed with President Hughes, Senators Johnson and Brandegee, republicans, and Senator Shields, democrats, the Verailles treaty, enemies of the Versailles treaty, are said to have taken particular interest in the discussions before the committee.

The attitude of Senators Lodge, Swanson, New and Pomeroy, who attended the session of the committee, was not disclosed. It was indicated, however, that there was a disposition on the part of the administration forces to meet objections which the republicans might raise. Eight members of the committee, which the republicans remain to be heard from.

Delays Ratification.
The resolution is to delay action on the treaty with Germany, as well as on the treaties with Austria and Hungary, which are to be considered later. It is clear that they will not be rushed through the committee with the certainty that was originally expected, despite the desire of President Harding for speedy ratification. There is to be a full consideration of the issue.

Failure to meet them would provoke a new treaty struggle on the floor of the senate, possibly interfering with other legislation which is considered of greatest importance. There is another possibility which the administration is said to view with concern—that discussions might prove embarrassing if they dragged over until the armament conference is in progress.

The new treaty already has been ratified by the bundesrath, the upper chamber of the German national legislature. But it is held that if changes in the treaty were made by the senate, it would not necessarily compel reopening of negotiations with Germany. Precedents for this view are cited, but the question has not been definitely settled.

WADSWORTH PRAISES PACT.

Syracuse, N. Y., September 22.—United States Senator James W. Wadsworth, Jr., in his keynote speech as temporary chairman of the New York republican state convention, today said that no "finer stroke of diplomacy" adorned the analysis of our state department than the new treaty with Germany.

The senator said its immediate doing nothing else, he added, "its achievement in thus untangling and setting right our foreign relations would justify itself to fame."

"And when one realizes how promptly and simply it was accomplished," he continued, "one cannot help smiling at the dismal prophecies of those who believed or pretended to believe that the only way was the league of nations way."

The senator said all honor was due President Harding for conceiving the "great and beneficent step" of the coming conference on disarmament and Far Eastern questions.

Concerning the record of the republican party in congress, he said: "The impartial observer is impelled to the belief that the party, since it was restored to power a few months ago, has lived up to its high traditions of devoted service, that it has traveled far along the road marked out for it, that its program for the immediate future is intelligent, constructive and American; that it is indeed a party fit to govern."

He eulogized the president, saying: "The country knows, the civilized world knows, that a great figure has appeared among men—Warren G. Harding."

The convention was called to make nominations for the judiciary and adopted a state platform.

DOCTORS TESTIFY IN ARBUCKLE CASE

neys. The defense hardly passed a question unchallenged. It was evident that every effort would be made to have the charge against Arbuckle reduced to manslaughter—a power which the court has.

Late in the day the hearing adjourned until 2 p. m. Friday, pending the arrival of other witnesses.

SHERMAN TELLS STORY.

New York, September 22.—Virginia Rappe was hilarious from the effects of the liquor at Roscoe (Fatty) Arbuckle's party before the incident in Arbuckle's bedroom which led to her death, according to Lowell Sherman, "movie villain," who told the story of the drinking party to District Attorney Swann here Thursday.

"The refreshments," he said, "consisted of a very fine quality of Scotch whisky and an equally fine quality of gin, which were mistaken of very freely by everyone present."

"Arbuckle's guests began arriving at noon, and by 1 o'clock there were about a dozen present. I went out to telephone, and when I returned I was introduced to Miss Rappe."

"I noticed the young lady was rather hilarious, evidently from the effects of the liquor. The next I heard was when I came from my room and Arbuckle said to me, the young lady was ill. His exact words were: 'That Rappe girl is sick.' She was then in Arbuckle's room."

"I went into Arbuckle's bedroom and looked in the door, and saw the young lady on the twin bed, crying and holding her head, clutching at her stomach, and evidently in pain, groaning, realizing she had had something to drink, and said: 'Guess the little girl has a bun on, and has indigestion.'"

The women in the party, Sherman said, took off what of Miss Rappe's clothes were left on her and put her in a bathtub.

When the girl failed to revive, he continued, the house physician was called, and Arbuckle rented another room for the girl around the corner from his own.

About this time, Sherman told the district attorney, Arbuckle came to him and said: "The party is getting a little rough, and we'd better see what we can do. Tell them the reporters are coming up to see me and they'd better get out."

The actor said that was the last day.

he saw of Miss Rappe, and that he returned to Los Angeles with Arbuckle the next day.

Sherman said the police had informed him he could go wherever he chose, and told the district attorney he would be at his call whenever he might be needed.

RAPPE FILM WITHDRAWN.

Los Angeles, September 22.—All First National film exchanges were ordered today to withdraw all films from exhibition in which appeared Virginia Rappe, the actress for whose death Roscoe ("Fatty") Arbuckle is held at San Francisco on a charge of murder. It was announced here today. Thirty-two hundred exhibitors are represented in the action.

Only Roscoe C. Arbuckle himself

had the key to the cellar of his residence here, according to Miss Katherine Fitzgerald, housekeeper for Arbuckle, in testimony given to Ralph Camarillo, assistant district attorney.

Miss Fitzgerald said, according to Camarillo, that she knew Arbuckle's cellar was "generously stocked" with liquors; that he alone entered it; that she did not know whether he had taken any with him when he started for San Francisco on the trip which resulted in his arrest for the alleged murder of Miss Virginia Rappe, film actress; and that while she arranged for the payment of other household expenses, she never had seen a bill for liquor among them.

Camarillo stated Miss Fitzgerald's statements checked with evidence already in the possession of federal officers who were investigating the source of the liquor drunk at the Arbuckle party in San Francisco.

TWENTY-FIVE CARS GO UP IN FLAMES

Macon, Ga., September 22.—(Special.)—A second fire broke out in

the Georgia, Southern and Florida yards late today and destroyed twenty-five or more boxcars on the seven tracks, awaiting repairs. This is the third large fire in that part of town within the past four days, the first was Monday when thirty-two cars in the same yard burned, the origin of the first as yet is unknown. The second broke out at the Central Manufacturing company Tuesday night, causing damages estimated at \$150,000, and

it is reported that the cause of the fire is unknown. The fire this evening occurred in the same section of the railroad yard as the first and it was thought at first that it had started from smoldering remains of the first. Monday afternoon, but it was stated by an official of the railroad at the scene of the conflagration that insurance men had made a thorough investigation only this morning and he is positive that there were no timbers smoking or burning at that time.

Officials Probing Threatening Letters Sent to Priests

Savannah, Ga., September 22.—(Special.)—Hard on the heels of the publication this morning of a statement prepared last night at the annual meeting of the Savannah assembly of four degree Knights of Columbus, in which recent charges were refuted and the declaration emphasized that the Knights of Columbus oath is not un-American and is in no way inconsistent with Christian charity and absolute loyalty to the government of the United States, a number of priests and Catholic leaders today received anonymous threatening letters of unusual violence.

Leo A. Morrissey, head of the Savannah Knights of Columbus council; the Rev. Father Bernard, pastor of the Sacred Heart church, head priest of the Benedictine order here; the Rt. Rev. Benjamin F. Kelly, bishop of Savannah; the Little Sisters of the Poor, Catholic home for the aged, and several other Catholic priests and institutions, received these letters, unsigned and poorly written, which were turned over to officers of the law for investigation.

It is believed that they were sent by irresponsible persons rather than by any organization. The several letters turned over to officers are identical and are as follows:

"Your master, over the seas, entombed amidst dead and dying empires, wrought by his envenomed mind has spoken.
"You are his echo: Thomas Jefferson Ryan, his chosen assassin Senator Thomas W. Watson, the intended victim.
"Your call to relentless war is accepted, and in Georgia's red hills one hundred thousand men, then your hoary head shall crimson red with priestly gore from the mountains to the sea, your mate and inanimate born of you, shall share your memory."
"Heed this warning and you before the fatal hour falls recall your Ryans and Watsons."
"The number of the letters, all mailed in Atlanta, is said, will probably reach eighteen or twenty."

When shown the above dispatch from Savannah, postoffice inspectors in Atlanta declared Thursday that their attention had been previously called to the matter, and intimated that any probable demand for an investigation on their part would likely be ignored as the sending of a threatening communication through the mail does not involve a violation of the law.

"How do you get the stuff?" I asked.
"Cinch," he assured me. "Run it down from Vancouver in a car. Go out in the sound and get it from a boat. Bring it down to the city and cache it on one of the islands. Oh, there's no lack of ways to get it. But I'm a little guy. It's the big ones that are getting the dough."

Up in Vancouver I was with one of the big fellows. He is a legal bootlegger. He is interested in a liquor export reference to this matter. As yet I have made no definite decision, and am in position to make no formal statement. Beyond his admission that the tender had been made, and that he

Man Barely Saves Life As Car Makes Plunge

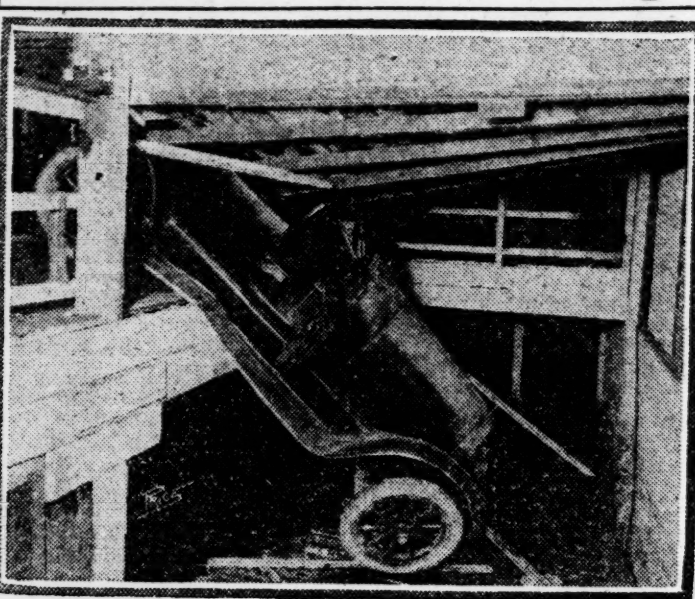

Photo by Francis E. Price.

The photograph shown above shows the automobile of J. T. McIntyre in the position it took after plunging through the guard rails of an inclined drive, which nearly cost Mr. McIntyre his life.

All Wednesday night and part of Thursday morning a ten-passenger automobile owned by J. L. McIntyre, of McIntyre Brothers' meat market, hung at a perilous angle across the inclined drive from the basement to the main floor in the Forsyth street garage of the Automobile Service company as a result of one of the most peculiar accidents in Atlanta in years. Mr. McIntyre, escaped serious injury, but was badly bruised and shaken up.

The automobile started from its place against a wall opposite the inclined drive with a lurch as Mr. McIntyre attempted to start it by rolling it, after the self-starter had failed to start the motor. There were no other cars in the path of the automobile, which accounts for the comparatively little damage done.

It was the intention of Mr. McIntyre after he spotted Charles Griffin, night manager of the garage, had started the car rolling across the floor, to jump into the driver's seat, throw the car in gear and

can export all he wants to any place he wants. There is no law, for example, to prevent him from exporting to the United States.

Dealer Is Safe.
This dealer sells, well, say, 100 cases of liquor to some American in Vancouver. The American makes affidavit that he is buying it to export. He takes it down to the dock, loads it on a gas boat, and starts for the harbor. The British Columbia police are not interested in him. He is taking liquor out of the country, and the American prohibition enforcement agents catch him. He is buying it to export. He takes it down to the dock, loads it on a gas boat, and starts for the harbor. The British Columbia police are not interested in him. He is taking liquor out of the country, and the American prohibition enforcement agents catch him. He is buying it to export.

The plane rose with its liquid freight and flew away towards the line. Its landing place in the States was known, so it remained free. And so Canada and the American bootleggers are getting the money, and the people on the coast are getting their liquor. Ten thousand bootleggers and ten enforcement agents. That tells the story!

of Technology, the trustees have tendered him the presidency of this institution after looking over the whole country for a man best fitted for the position.

"No word has been received as yet from President Matheson as to whether or not the tender will be accepted, but an answer is expected within the next few days."

On being asked if he expected to take the matter up with the board of trustees of the Georgia School of Technology, Dr. Matheson would make no statement, declaring that he felt a delicacy in saying anything further at this time than what is given out in his formal statement above published, which statement, he said, is made necessary by the news report from Philadelphia.

As president of the Georgia School of Technology, Dr. Matheson receives a salary of \$7,000 per year in addition to his home which, estimated at a rental value of \$100 per year, would make his salary here \$8,200 per year as against the \$16,500 the Philadelphia offer.

Second in interest to news that Dr. Matheson is considering leaving Georgia Tech was the information received by a student of the fact that failure of the last legislature to appropriate funds requested made her tuition fees from \$20 to \$100.

Throughout the day, students were pouring in from all parts of the country and the campus was a scene of great activity on the part of workers after dormitory accommodations and textbooks.

Detectives Hamilton and Hollingsworth have recovered most of the goods which were reported stolen.

Georgia Logical TEXTILE CENTER. ASSERTS MASON

"Georgia should be the greatest textile center in this country, and because of natural advantages, in addition to being the fountain-head of the source of supply should weave a majority of the country's textile cloth," declared D. M. Mason, general manager of the Mason Tire and Rubber company, of Kent, Ohio, and treasurer and general manager of the Western Reserve Cotton Mills company, which recently purchased the Quinlan mills at Quitman, Ga., and the Millen mills at Millen, Ga. Mr. Mason was in Atlanta Thursday en route to Jacksonville, Fla.

"We operate at Kent, Ohio, a 100,000-spindle mill, where we weave most of the cord fabric used in the manufacture of Mason cords, but our recent acquisition of mills at Quitman and Millen shows our textile interests will be centered in Georgia hereafter."

"Akron uses four to five hundred thousand pounds of tire fabric daily and I believe that the future will see more and more of this poundage produced in Georgia. We expect to put both our mills on a twenty-four-hour production schedule as soon as we can possibly do so. My journey through the south the last few days leads me to forecast a most energetic come-back on the part of the south during the next few months and our company is anticipating a splendid business in our Atlanta and other southern branches during this fall and increasing thereafter."

GEORGIA OPENS FALL SESSION

Athens, Ga., September 22.—(Special.)—The formal opening of the 1921-22 session of the University of Georgia was staged Wednesday morning in the historic university chapel when Chancellor David C. Harvey, Dean Charles M. Snelling, Harry Hodgson, Dr. J. C. Wilkinson, Rev. S. J. Cartledge, Colonel Hyatt and others delivered short talks to the several hundred students gathered in the building.

The usual pomp and dignity that characterizes the opening of the university was carried out on this occasion by the members of the faculty in their caps and gowns and other students wearing the official regalia of the university, the trustees, certain county and city officials, and the members of the ministerial association marching into the chapel in the usual collegiate line.

Dean Charles M. Snelling, of Franklin college, acted as master of ceremonies and following the opening anthem, Dr. J. C. Wilkinson, pastor of the First Baptist church, was introduced. Dr. Wilkinson read a short passage and his remarks on the Scriptures, "He that would save his life will lose it," paid a very glowing tribute to Chancellor Harvey of the university system.

Characterizing the chancellor as a man that has given his whole life for the interests of education and of others, he showed what a wonderful service this great teacher and philosopher had rendered in the state of Georgia and throughout the southland.

Following the talk by Dr. Wilkinson, Dr. Cartledge, of the Central Presbyterian church, welcomed the students to the church services that are held in the city. This divine urged the students that they make church attendance a regular thing in their week's program and further urged that they not be church drifters, but that they affiliate with some church making it thereby their duty that they be loyal to this house of worship and its services.

THOMAS IS KILLED IN SHOOTING ROW

Canton, Ga., September 22.—(Special.)—William Thomas is dead, his son, George Thomas, expected to marry, and his wife seriously wounded, as the result of a shooting affair near here late Wednesday afternoon. Tom and Gordon Ragsdale have been lodged in the jail here, charged with murder.

Thomas, his son and wife were riding in a buggy at the time the fatal shooting occurred. It was stated that the commitment of the Ragsdale boys will be held Monday.

EXHIBIT BY SOUTHERN GETS NEW INDUSTRIES

Washington, September 22.—(Special.)—As the result of the exhibit of the Southern Railway system at the seventh national exposition of chemical industries in New York, which has just come to a close, prospects are bright for the location of several important industries in the south, according to a statement given out by the Southern Railway system.

The Southern's exhibit was the only one made by an American railway, and wide attention was attracted to the remarkable opportunities for industrial development in the south as the result of the display of mineral and chemical resources. The exposition proved a great success, total attendance over 100,000 being made up almost entirely of chemical experts and manufacturers interested in development of new industries and looking for favorable locations.

Throughout the week the Southern's booth was thronged by visitors, many of whom were amazed at the showing of southern resources, particularly as to the great variety of minerals needed for new chemical industries which are being developed in America.

Dr. McNaughton Leaves Prison Farm; To Practice Here

Milledgeville, Ga., September 22.—(Special.)—Dr. W. J. McNaughton planned to leave the prison farm for Augusta at 2 o'clock this afternoon, thinking that the official papers of his parole would be received by the prison commission in the early morning. They failed to come, however, and his departure was delayed until 6 o'clock this evening.

A telegram was received at 5:15 by Warden Smith from R. E. Davidson, chairman of the prison commission, authorizing the release of the prisoner at once. Dr. McNaughton has definitely decided to make Atlanta his home, and is studiously planning for a business career as a practicing physician and a manufacturer of some medical formulae in proprietary packages. He will go to Atlanta October 15.

Upon his departure from the prison, where he has spent eight years, Dr. McNaughton was showered with good wishes from his fellow prisoners and prison officials. He expressed his appreciation and told them that he would never forget their friendly interest and kind treatment.

The physician said that it is his purpose to visit the prison farm from time to time in the years to come.

All Georgia Women's Clubs May Join National Body

Resolutions of more than state-wide import were passed by the executive board, Georgia Federation of Women's Clubs, meeting yesterday at the Atlanta Woman's club.

Chief among these were resolutions introduced by Mrs. Samuel M. Inman, director for Georgia, General Federation of Women's Clubs, recommending to the state convention in November that every club in the state federation go into the general federation, the method to be an amendment to the by-laws, by which club membership in the state organization would automatically carry the club into the national body.

Resolutions offered by Miss Alice Baxter were passed that the state federation declare itself in favor of establishing some part of the Cherokee reservation as national park, and that it take steps for such establishment.

Mrs. Otley presented resolutions commending those boards of review which have withdrawn the county Arturkule pictures. The resolutions declared that he should no longer be the entertainer of Georgia children; urged that his films should be withdrawn for all time, and calls for action on the part of the Georgia (both men and women) to use all proper means to convince local exhibitors that their films should not stand for Arturkule films.

Mrs. Otley urged, also, that a resolution passed by the board in 1910 be called attention to and emphasized to the effect that editors should be asked to suppress the suppression of indecent details in trials.

Mrs. Hays introduced a resolution commending the Georgia Federation of Women's Clubs, through a sense of loyalty to the state, and a realization of the need for the suppression of indecent details in trials.

own school, but Rabun county declares that they would rather have the federation school than one of their own. They are going to give seventy-five dollars a month toward its support and will ask the legislature to let their tax go to this school. The children on leaving the Tallulah school, stated Mrs. Willett, are making splendid progress in college.

A feature of much inspirational value was the report by Mrs. S. M. Inman, of the national council meeting, General Federation of Women's Clubs at Salt Lake City, which she declared was marvelous full of suggestion and inspiration, with every speaker a noted specialist.

States of the intermountain section which formed the hostess group, gave an enlightening showing of the resources of that section, and the meeting was a dominant natural and artistic, and the music and all local except for the imported artists taking part in the great production of the "The Creation," when thirty thousand people were present.

She called attention to the Women's News Service, Inc., which was an outgrowth of the council, and urged subscription to it. She touched upon the work of Mrs. Woodall Chapman for better films, and for the National Cinema Service, which prepares and distributes good films. It can afford to risk loss, as it is endowed by a woman.

She stated that Georgia was prominently put forward because of her excellent record in the celebration of the Fourth of July, and congratulated the board on the national council's appointment of Mrs. Alonso Richmond to a national secretaryship.

Other important business of the council which Mrs. Inman referred to will be given on the club page. The Woman's News Service was lauded by Mrs. Otley and others, and Mrs. T. T. Stevens' motion was passed that it be proposed to the state convention to take two shares of the stock at fifty dollars a share.

Tribute to Miss Inman Dooly. At the suggestion of Mrs. Hays, the board, which had not met since the death of Miss Inman Dooly, former state editor, paid tribute to her service and her memory by standing, and Mrs. Inman told of the beautiful tribute paid Miss Dooly at the national council meeting in Salt Lake City at the opening night's session.

While Savannah will bear all the expenses of this convention, the board voted that hereafter the state federation at state conventions pay the expenses of national officers and special speakers invited by the state president.

Appointments announced by Mrs. Hays, to fill vacancies caused by leaves of absence or changes in office are Mrs. Sally High, acting president of the eleventh district; Mrs. Jeff Davis, chairman of the scholarships, and Mrs. Noel Park, division of public health. Mrs. C. H. Kittrell, new president of the twelfth, was cordially welcomed.

Mrs. Price-Smith, chairman of business at scholarships, announced that twenty had been secured for this year, these representing a value of \$2,000.

A Federation Rule. Mrs. Hays made an emphatic statement of a federation rule that no member of the federation has the right or can be permitted to appear before the legislature or any committee of the legislature on behalf of federation measures unless she has been delegated to do so by the federation; nor can any member address any other organization as a representative of the federation unless officially delegated to do so.

Mrs. Lawson, of Dublin, state chairman of public health, issued a bulletin in advance of the state convention in November.

Tallulah School. Mrs. Hugh Willett, director for the federation's school at Tallulah, made an interesting report concerning the Tallulah institution, and urged its great need of funds for the school, and that, whereas, there is need for expansion, Habersham county has withdrawn its support.

New Quick Way to Put on Firm Flesh "Ironized Yeast" Tablets

Yeast—With Iron Added—Helps Fill Out the Figure, Clear the Skin, and Build New Health. Results Often in Half the Usual Time.

THOUSANDS of thin, weak, nervous and run-down people are finding that yeast gives far better and quicker results when it is taken with organic iron, as embodied in Ironized Yeast, the famous vitamin tonic treatment in tablet form. Iron is evidently just what was needed to make yeast a perfect tonic—for with Ironized Yeast results are often secured in half the usual time. This is because the organic iron in Ironized Yeast enriches and strengthens the blood, so that it can more quickly carry the vitamins and other food elements to the wasted tissues.

If you want to put on firm solid flesh, and round out the hollows in your cheeks, neck, shoulders and arms try this splendid tonic and watch your self every few days. You will be surprised to see how quickly your figure fills out, and how quickly you gain new strength, energy and nerve force when your system is given the vitamins and iron that it needs.

Ironized Yeast is also fine for treating pimples, boils, blackheads and other skin blemishes. Your mirror will reflect a decided improvement in your complexion even after the first few days. The worst complexions are usually all cleared up within two weeks under the cleansing power of Ironized Yeast.

NOTE: Ironized Yeast is pleasant to take and will not in any way upset the stomach. It contains the highest grade of specially cultured yeast, highly concentrated, and also contains iron in its most easily assimilated form—organic iron, like the iron found in spinach.

Each package contains 60 individually wrapped tablets (10 to 15 days' treatment) and costs only \$1.00. Thus it is more economical than ordinary baking yeast. Don't accept substitutes—insist upon IRONIZED YEAST. Sold at all druggists. Special directions for children in package. Made by the Ironized Yeast Co., Atlanta, Ga.

IRONIZED YEAST TABLETS

HIGHLY CONCENTRATED VITAMINE TONIC

Now is the time to pay close attention and see that your bakings are pure, wholesome and nutritious.

Good flour is all flour with all the nutritive value of wheat. Mix it with good baking powder and you have a nutritious, wholesome, palatable baking. No ready mixed substitute will take its place.

For wholesome, nourishing food you must use straight flour and a pure baking powder—

There never was, is not, and never will be anything that will take the place of good straight baking powder and plain flour.

If you are using self rising flour or any other kind of a substitute for good baking powder or plain flour you had better stop, because you are not practicing real economy, not saving a cent, and worst of all you take a chance of losing the full nutritious health-building value of a good, plain flour.

Birth of Semmes Is Celebrated By Atlanta U.D.C.

No more fitting celebration of the birth of Admiral Raphael Semmes, the great Confederate seaman, has been held in Atlanta than that which took place at the regular meeting of Atlanta chapter, United Daughters of the Confederacy, on Thursday afternoon, September 22.

Candler gave a masterful address on the great commander of the rammer and the Alabama, telling of Admiral Semmes' brilliant service to the United States government during the Mexican war and of his splendid record of mapping out sites for lighthouses on the coast of America, most of which are used today. Besides being one of America's greatest naval men, Admiral Semmes was more than the law of nations than any other citizen at the outbreak of the war between the states, he being a brilliant lawyer, having studied law on his long cruises. His knowledge of the law of nations made him more valuable to the south during the war between the states than any other leader except General Lee and General Stonewall Jackson.

Relative of Admiral Semmes, Mrs. W. P. Nicholson and J. Carroll Payne were presented by Mrs. John A. Perdue, president. Both Mrs. Nicholson and Mr. Payne are close relatives of Admiral Semmes. Mr. Payne told some interesting recollections of his distinguished kinsman.

Mrs. High Spinks, Preceding Judge Candler's address, Mrs. J. M. High told in an interesting manner some of her outstanding impressions of her trip abroad. Her account of the trip to Belgium and Holland were of special interest. Mrs. Grace Brown Townsend sang delightfully "Birthdays" by Cowen and "Good Mornings" by Greig.

Business Session. Reports were made by Mrs. W. C. King, Mrs. Richard Moore, Mrs. Sam Jones and Mrs. John H. Mangert. Seven new members were added to the chapter roster: Mrs. J. E. McDonald, Mrs. W. Reed, Mrs. E. F. Chambers, Mrs. Nellie Dean, Mrs. M. L. Munoy, Mrs. Annie Holland and Miss Annie Mae Kiser.

Mrs. T. Stevens, reporting for Mrs. Hal Hentz, custodian of crosses of honor, stated that a large number of crosses would be ready for delivery the first of November, the next bestowal day.

Sidney Lanier's Burial. A resolution was read from Mrs. A. McD. Wilson requested the state convention, which meets at Waycross, Ga., on September 23, to take the matter with Mrs. Sidney Lanier and her two sons of removing the body of Sidney Lanier from Baltimore back to his native soil and home, Macon, Ga.

Miss Hornady's Gift. A resolution was also read thanking Miss Nina Hornady for a mahogany chest of drawers, a mahogany top desk which was brought over from England in 1860. Also a wooden knitting needle. Miss Hornady's mother, Mrs. W. C. Hornady, died in 1860. These valuable gifts will be placed in the U. D. C. chapter house.

Mr. Jones' Request. John Ashley Jones, commander of the John B. Gordon camp, Sons of Confederate Veterans, announced that plans had been made by the Confederate society of Atlanta to attend the Chattanooga reunion and that no other soliciting or securing of funds would be permitted for this purpose. The committee is composed of the north Georgia brigade: T. J. Shepherd, past commander; Mrs. John Shepherd, president; Mrs. J. H. Woodard, chairman of the Atlanta chapter, U. D. C.; Mrs. A. O. Woodward, chairman of the Georgia chapter, U. D. C.; Mrs. Wright, president Ladies Memorial association; Mrs. Earl Scott, director Julia Jackson, C. of C.; Mrs. S. Nichols, director Margaret A. Wilson, C. of C.; Miss Willis Williams, director Junior Memorial association, and John Ashley Jones, commander John B. Gordon camp, Sons of Veterans.

Delegates Elected. Delegates elected to Waycross are Mrs. John A. Perdue, Mrs. A. McD. Wilson, Mrs. T. Stevens, Mrs. Bun Wyllie, Mrs. Charles Love, Mrs. Y. Sage, Mrs. T. H. G. Carnes, Mrs. E. B. Davis, Mrs. Carpenter Jones, Mrs. Stafford Liddell, Mrs. W. C. King, Mrs. D. W. Winburn, Mrs. T. J. Lippie, Mrs. W. H. Sander, Mrs. P. H. Cherry, Mrs. C. P. Byrd, Mrs. J. K. Otterly, Mrs. Paul Corker, Mrs. L. C. Matthews.

Mrs. A. E. Barnes, of Macon, state chairman of the Benson sword committee and president of the Sidney Lanier chapter, U. D. C., was present and presented to Mrs. Perdue a corsage bouquet of red and white roses in appreciation of Atlanta chapter's active part in securing funds for the jettied sword to be presented to Admiral Benson at the convention in Waycross in October.

Opera Star Is Honor Guest At Lovely Reception

One of the most beautiful and elaborate events of the social and musical world was the reception in compliment to Miss Marie Tiffany, given yesterday afternoon at the home of Mrs. J. H. Mangert, the guest of the week of Miss Nan Stephens at her home in Druid Hills, given yesterday afternoon by Mrs. Ewell Gay and Mrs. Rucker McCarty at Mrs. Gay's home on East Seventeenth street.

Flowers of late summer and early autumn adorned the spacious rooms of the home of Mrs. J. H. Mangert. Mrs. Charles Downman and Miss Nan Stephens.

Central decoration of the tea table, which was lace covered, was a turquoise blue bowl containing lilacs and pink dahlias; and encircling this were copmotes, also in turquoise blue, holding pink and lilac bon-bons. Pink candles in silver candlesticks, burned unshaded. Seventy-five of the musical friends of the two hostesses enjoyed the occasion.

hall at 3 o'clock. This occasion marks the opening of the 1921-22 season of the Juvenile Music club. This concert is only another example of the efforts being made by the club officials to present to our young people the best in musical art.

The work among the Junior and Juvenile clubs throughout the country has assumed such proportions that many of our leading artists are specializing in programs for children. This is the new feature with our Atlanta club as Miss Evelyn Jackson, the director, inaugurated the plan three years ago of presenting to our children at least three concerts a season given in the afternoon by artists of the first rank.

Miss Tiffany has arranged her program for today's concert especially to entertain Atlanta children and a large attendance is expected. All members of the Juvenile Music club will be admitted free on presentation of their membership cards. These cards may be obtained from the club box office at the Cable Plant or from one of the officials of the club or at the door this afternoon. The members of the club will be given the plan three years ago of presenting to our children at least three concerts a season given in the afternoon by artists of the first rank.

Miss Mary A. Thomas, of Tampa, Fla., who has been visiting her daughter, Mrs. Fred Youd, on Lucile avenue, and who has been delightfully entertained at her home yesterday morning.

Miss Ray Wildman, of Mobile, is being delightfully entertained at the guest of Mrs. C. Courtland Whitaker.

Mr. and Mrs. John Milton Cutler, Jr., of Macon, are receiving congratulations on the birth Sunday, September 19, of a son, who has been named John Milton Cutler, III. The little boy is the great-grandson of the little Mrs. Emma Bell, the widely beloved Atlanta woman who founded the Bell house.

Mr. and Mrs. Arthur Benjamin Simms announce the birth of a son, Arthur Benjamin, Jr., on September 20.

Miss Gladys Crawford, of Tallahassee, Fla., who has been touring through Canada and other points, is expected to spend several weeks with her aunt, Mrs. W. E. Eason, on Juniper street.

Misses Genevieve Crawford and Thelma Laton, of Tallahassee, will be guests of Mrs. W. E. Eason for the week-end, en route to Asheville, N. C., where they will spend several weeks.

Mrs. J. Lewis McGroove is improving after a serious illness of several weeks at her home on Juniper street.

Unique Party Given by Church To Raise Money

The Moreland Parent-Teacher association will meet Friday afternoon, September 23, at 3 o'clock at the school building.

The Ladies' Memorial association will hold the first meeting of the season on Friday morning at Carnegie library at 10:30 o'clock.

The Friday Morning club will meet with Mrs. Clark Howell.

The regular meeting of the executive board of the Atlanta Woman's club will be held in the club house this morning at 10:30 o'clock. It is most important that every member be present.

A unique method of raising money for charitable purposes was used by the members of the Marina Brown Memorial church last night at an old village school party. Dressed in costumes of school boys and girls the church members laid aside their dignity and conventions and joined the young people in the usual antics that have endeared "school days" to the memories of all who have been there.

Conceived by Mrs. Charles M. Leonard, prominent worker in the church, the idea was executed and carried to a successful close by willing assistants, who were touched by the near-magic of the recollection of "kidhood days."

As the 400 "children" marched in, single file, each placed his offering in the box at the door. The money will be used to send a girl through school.

Active classes work began when John Tom Carroll and Mrs. C. B. Leonard, completed choosing for the spelling bee. Every conceivable question was interspersed in the lesson by Misses Hermance and Hial Hermance. The teacher, Mrs. J. B. Owens, was compelled to resort to a history of several times to press John Tom Carroll and Mr. Austin that the stroke of eight meant for them to remain absolutely quiet in their seats and to have all chewing gum and spitballs removed from their mouths. Mrs. Paul West and Mrs. Leslie McWilliams were awarded for threatening to get him with the teacher when she placed them in the corner wearing dance caps.

Mrs. Everett Talks. The human side of giving was stressed by Mrs. C. B. Everett, who delivered the principal address of the evening. For a time all merry-making and fun ceased as the seriousness of several needy cases was told.

It was announced that an orchestra of the would assist at Sunday evening's service at the church.

to propagate and cannot lay eggs until it obtains blood. If there were malaria carriers in Atlanta, that is, people with malaria in their systems, it would not take long for a malaria epidemic to develop, according to the health expert. He said, however,

that few people in Atlanta have malaria and but for this reason there probably would have been an epidemic before.

HIGHWAY MEETING TOUR PLANS BEGUN

When the 1922 convention of the Dixie Highway association opens in Atlanta late next fall, all automobiles will be expected to be equipped with a spare tire and a spare wheel. It will be the largest and best organized automobile tour ever attempted in the United States, according to Frank T. Howard, secretary of the Georgia State Automobile association and manager of the tour. The tour will be held in the fall of 1922, and will be a survey of the Dixie highway made for the purpose of supplying information to the committee which will have charge of the tour.

At least 300 cars, containing from 1,000 to 1,200 people, are expected to make the trip. Each division of cars will be commanded on the way by a general and the committee of the cars will be logged and blue-printed before the tour begins. The tour will be a survey of the Dixie highway made for the purpose of supplying information to the committee which will have charge of the tour.

Mr. Reynolds added that "not less than 300 automobiles will come to Atlanta from the north and west for the Dixie highway convention, and touring arrangements will be worked out in complete, scientific detail."

Mr. Reynolds was a delegate from Georgia to the 1921 convention of the association, which was held ten days ago at Cincinnati, Ohio, and presented Atlanta's invitation to the 1922 convention to be held here.

CHILDREN ASKED TO WORK FOR DAY TO AID ORPHANS

Thousands of Georgia children and parents are asked to donate the proceeds of tomorrow's work to the Decatur Methodist Orphan's home. In keeping with a custom of Georgia Methodists that dates back 20 years, the children, especially, are appealed to to do odd jobs, sweep the yards, pick cotton if living in the country, and aid in various ways to earn money for this cause.

The work-day movement was originated by W. T. Crumley during the time the Rev. Howard Crumley was agent of the home. The first year \$300 was received and compared with last year's return of \$47,000, it is a small amount. This year \$500 was received and compared with last year's return of \$47,000, it is a small amount.

Mr. Crumley, president of the club, was authorized at the meeting to send telegrams of congratulation to Bobby Jones and Miss Alexia Stirling on their endeavors in golf tournaments now being staged. Mr. Lowman declared that Bobby Jones is the best advertiser Atlanta has.

Pastor introduced. Rev. Richard Orme Flinn, pastor of the North Avenue Presbyterian church, was introduced at the meeting as a new member. Mr. Flinn explained the value of contrast in newspaper advertising, declaring that an advertisement in black and white is more effective, though smaller, than one with less contrast.

Mr. Flinn also declared that the use of colors in advertising is the best method, and illustrated his statement with a report from the Sears-Roebuck company which declared that its colored advertisements are 25 per cent more effective than those not colored.

Mr. Flinn substantiated Mr. Flinn's statement by showing the original of which is now at Atlanta, 1920, and that this work was done by a Frenchman named Nette, who was a member of the Commercial Union in 1878. However, the first halftone engraving published in a newspaper was in 1880 in The News Graphic. F. H. Gorman receives honor for that. In 1893, he stated, the first three color tints appeared in publication.

Advertising Modern. He also declared that printing is an old institution, but that advertising is a modern achievement. He attributed the achievement to photoengraving, and stated that the great efficiency of photoengraving is proved conclusively by its successful use by organizations during the world war.

Shrine Hospital Trustees Vote To Ask Charter

Trustees of the Shrine hospital will incorporate under the laws of Georgia and will, under their charter, be permitted to establish hospitals in any state in the union without being subject to taxation. Decision to incorporate was reached at Thursday afternoon's meeting of the board just before an inspection of the Scottish Rite Crippled Children's hospital here. The inspection trip was conducted by Past Potentate Forrest Adair, secretary of the board of trustees.

A delegation of distinguished Shriner, including Past Imperial Potentate W. Freeland Kendrick of Philadelphia, and Charles Over-shire of Minneapolis, who are in Atlanta attending the sessions of the board of trustees appointed by the Shrine to expend a million-dollar fund in the building of hospitals for crippled children, were entertained at a banquet at Druid Hills club Thursday evening by illustrious Potentate Henry C. Holz.

At the dinner Past Imperial Potentate Kendrick was congratulated on having just been re-elected tax receiver of Philadelphia by a majority of over 100,000, and having been unanimously elected to the position of Potentate. Kendrick was also congratulated on his recent election to the position of Potentate.

Country children as well as those from Atlanta are urged to work Saturday and bring the money to church Sunday. In the event they are unable to attend services the money may be sent to J. M. Hawkins, who has been designated as the money collector for the Shrine.

Children Placed In Mother's Care By Court Order

Judge John T. Pendleton in the Fulton superior court Thursday awarded the custody of her two children, Margaret, 2 years old, and Jack, 4 years old, to Mrs. Florence Woodland, of Cape May, N. J., and allowed her to take them where she sees fit with the proviso that she post a \$2,500 bond to insure their return to the jurisdiction of this court, in the event that the supreme court reverses the decision of the lower court.

Attorneys Ed Hill and Herman Evans, who represent Robert E. Woodland, the father of the children, stated that they would appeal the case. This case attracted nationwide attention, when in July the children were stolen from Mrs. Woodland at Cape May. She accused her husband of instigating the kidnapping and later found the little girl at the home of her husband's brother and sister-in-law.

Later she was informed that her husband had brought the boy to his home here and she had instituted habeas corpus proceedings through her attorney, Len B. Gillette, to have the child returned to her.

Mr. Woodland then filed habeas corpus proceedings to gain the custody of the little girl, and the entire affair was heard by Judge Pendleton Thursday morning.

In awarding the children to their mother, Judge Pendleton stated there was no evidence introduced which reflected on the character of the father. It was merely a matter of placing them in the hands of the one whom he thought would bring them up best.

FIRST STEP TAKEN FOR STATE PORT

Commission Gets Statistics From Georgia Sea Cities With View to Build Great Ocean Terminal.

First steps toward development of a great state-owned port on the Atlantic, similar to those at New Orleans and Seattle, were taken by the state harbor, port and terminal commission at its organization meeting held Thursday in the office of Governor Thomas W. Hardwick. The commission was created by an act of the legislature passed at its recent session.

Cities of Savannah, Brunswick, Darien and St. Marys were invited to furnish the commission with statistics on their ports and on the available land that could be purchased for terminal facilities. A resolution outlining the project of the commission was passed unanimously.

Secretary of State S. G. McPherson, elected president, and Miss Myrtle White was elected secretary of the commission. Members are Governor Hardwick, Secretary McPherson, J. J. Brown, commissioner of agriculture, Dr. C. H. Kirtland, representative in the legislature from Laurens county, and W. B. Harris, representative from the Georgia Manufacturers' association.

Following is the resolution adopted by the board: Resolved, That it is the opinion of the board of harbor, port and terminal commissioners of the state of Georgia, that it is the highest duty of the state, in so far as it may have power to do so, to speedily create conditions under which the farmer will be able to find a market at the nearest railroad station for all non-perishable products of the farm.

TO LAY MERCHANTS' DAY FAIR PLANS AT MEET TODAY

Atlanta retail merchants and automobile dealers will meet at 12:30 o'clock Friday afternoon at a luncheon at the Chamber of Commerce building, as the guests of the Atlanta Junior Chamber of Commerce, for the purpose of discussing Merchants' day at the Southeastern fair, which will occur on October 19.

To attend the luncheon are Mel Wilkinson, president of the Merchants' club, and chairman of the annual committee of the Southeastern fair; Ivan Allen, president of the Atlanta Retail Merchants' association, and John L. Westmoreland, president of the Junior chamber of commerce. Many automobile dealers and merchants, as well as the junior chamber's attendance committee on Merchants' day, will be on hand.

The Junior chamber committee on Merchants' day is determined to secure for that day the record attendance at the fair. Mr. Allen has promised his support to the committee, and is acting with the chamber in boosting the fair attendance. A definite program will be discussed and outlined at Friday's luncheon for getting the co-operation of the merchants of Atlanta and surrounding towns in boosting the attendance on Merchants' day. The main speech at the luncheon will be delivered by President Westmoreland.

When the 1922 convention of the Dixie Highway association opens in Atlanta late next fall, all automobiles will be expected to be equipped with a spare tire and a spare wheel. It will be the largest and best organized automobile tour ever attempted in the United States, according to Frank T. Howard, secretary of the Georgia State Automobile association and manager of the tour. The tour will be held in the fall of 1922, and will be a survey of the Dixie highway made for the purpose of supplying information to the committee which will have charge of the tour.

At least 300 cars, containing from 1,000 to 1,200 people, are expected to make the trip. Each division of cars will be commanded on the way by a general and the committee of the cars will be logged and blue-printed before the tour begins. The tour will be a survey of the Dixie highway made for the purpose of supplying information to the committee which will have charge of the tour.

Mr. Reynolds added that "not less than 300 automobiles will come to Atlanta from the north and west for the Dixie highway convention, and touring arrangements will be worked out in complete, scientific detail."

Mr. Reynolds was a delegate from Georgia to the 1921 convention of the association, which was held ten days ago at Cincinnati, Ohio, and presented Atlanta's invitation to the 1922 convention to be held here.

Red and Black Squad Is Down To Regular Scrimmage Work

is nothing other than a fake line rush. Of course you have seen it maybe time and again. Quarter-back receives the snap, whirls around, feints the ball into the hands of the swiftly moving tight half, then turns completely back around and carries the ball through the

This play is most effective in displaying the center of the opposing line over to right end, and it usually succeeds in doing this very last thing named.

One little fault of the regular Georgia ends is causing the line coaches no little worry. Owen Reynolds and Paige Bennett are having some trouble in keeping their respective feet—sort of easy to tumble 'em as 'twere. We venture the opinion that

Casual visitors to Sanford field wonder where the usual tackling dummies, buckboards and other affiliated conditioning and drilling machines could possibly be. They just don't use them around here, that's all. The grid professional staff says. It is quite reasonable to conjecture that if a man is to be laid out, he should be rendered so by the natural efforts of the other team. Anyway, they figure, why good does it do to tackle a man who is standing still?

one of that late Quarterback Pitts, of the first team, and Field General Pierce, who delighted the spectators with some glowing exhibitions of the game by kicking the ball. The way these two are working the quarterback position is a credit to the memory of the loss of kilauea. The two players were called for touchdowns. Pierce eluded the defense and kicked the ball. Pierce, weighing a paltry 140, is a real find. He is entrusted with the globe.

Wednesday also distinguished itself by the fact that it was the first day out in active scrimmage of Jim Tom Reynolds. We wouldn't say Jim is a star, but he has the ability to carry the ball could be judged, however, because he was the only one to be in at the time of his run-

der. Yet Jim found his hole and ranited over for touchdown. "Strup" Tanner, of Columbus, made perhaps the most sensational hit of the day. Time and again trupper was elected to buck the ball, and he bucked it gentlemen, and he got a very good crowd. "Strup" will have to be reckoned with when they pick the regular acks.

At Atlanta, he hits the line like a sledgehammer, hitting him as the hardest hitter on an infield field. Keep your eyes on him, he'll be heard from when the ballots are counted.

Atlanta candidates are most interesting. "Smack" Thompson has selected more elevating names than any new man out for the team. The supporters speak of him ready as a veteran. Joe Bennett is looking better than ever the line. He seldom fails to open a hole in the satisfactory dimension. Alexander, the other Tech high lad, has had little chance in

fighting for a place, attracting no kind of favorable comment by his work in scurrillages. "Jake" Melor, who also registers from the same City, was unfortunate in having his nose broken in Wednesday's melee. Up to then his work was the first water.

Evans, Gardner and Guilford Win After Hectic Struggles

St. Louis, September 22.—In a spectacular match that ended on the 36th green today in the national amateur golf championship at the St. Louis Country Club, Chick Evans, defending his title, defeated Jesse Sweeter, of New York, one up, and Jesse Guilford, of Boston, eliminated Harrison Johnston, of St. Paul, by the same score, bringing them together in the semi-finals tomorrow.

Evans, in defending his title, had to shoot a 73 in the morning to lead Sweeter by 2 up, the New Yorker having scored a 75. Evans, on the third nine, with a 35 to Sweeter's 34, became careless with his putter and after dropping the 22nd hole by taking three putts, he lost the 33d, where Sweeter scored a birdie. Evans found himself only 2 up and 3 to go.

Sweeter tightened his game and dropped his tee shot on the 180-yard 34th ten feet to the left of the hole, a blackspin causing the ball to spring back a foot from where it landed. It was then that Johnston, who had been in the hole but was not to be taken in by Evans' well-studied put stop, put short because of the mud on the ball.

Evans reached for the advantage point on the left side of the 34th fairway but pushed his iron second to the embankment at the right of the green and took a five when his masher nibbled stubbed its nose on the side of the incline, losing the hole and becoming dormant. He slightly scuffed his drive on the 35th hole and was 200 yards short of the green behind a willow while Sweeter, playing steadily, drove to a good position past the end of the fairway.

Evans decided to end the contest, and, after walking to the top of the hill to measure the distance and observe the direction, backed down to his ball. Taking a brassie, he cut a beautiful shot and the ball dug into the fairway like a masher pick, stopping a few feet beyond, but 25 to the right of the cup on the sloping green.

Sweeter again showed his fighting qualities by plucking an iron 12 feet to the left of the flag. The large gallery was motionless while Evans surveyed his treacherous putt and then planted his feet firmly for the effort to hole out. The putt took the hillside as though it were running through a silk and dropped into the hole for a birdie three. This was the third time today that

BOBBY JONES BEATEN BY BRITISH CHAMP

Continued From First Page.

wee Willie, strode to the tee with his head up and still smiling. He drove the ball into the trap on the short 16th. Despite the fairness that the spectators have shown, they could not help but cheer the seeming misfortune of the Briton. It was America against John Bull. The cheers turned to groans, however, for Bobby was trapped on the other side in his drive.

Bobby rolled up to within twelve feet of the pin. A mighty cheer arose from the gallery. Hunter, with his sharp featured face screwed up sharper than ever, took off his cap and mopped his perspiring face. He deliberately clipped out one of those wonderfully delicate chip shots that are the sparkling feature of his whole game. The ball rolled to within ten feet of the cup.

It was up to Bobby. As is his custom, he putted quickly. The ball trickled to within six inches of the hole and stopped. More groans.

Hunter Shouts Clasp. Here Hunter showed that he is a powerful golfer, better than any one, player or observer, has suspected so far in this tournament. He deliberately made a putt better than he had made in a long time. He did for the love of Mike and the ball rolled straight and true and dropped in. Bobby was 2 up with only two more holes to go.

Two tiny damsel in dazzling costumes that changed as often as the gorgeous scenery, serving as the colorful background, danced their way to a tumultuous hit on a fine program offered for the week-end at Loew's Grand.

The Chalfont Sisters are the artists in the featured play, "The Affairs of Anatol." They have played Atlanta before, but never has their musical and comedy number, and otherwise been exhibited to better advantage. They score heavily on a four day season.

Opening the bill is Basil Lambert, "The Affairs of Anatol." The x-phyloph, who makes the hamsters fairly whizz over his instrument in a medley of varied numbers.

More worth-while harmony is forthcoming from the Mollie Revue, six singers and a pianist, from Chicago, who play a medley of classical and semi-classical numbers, wind up in a ruse with the sextet from "The Affairs of Anatol."

Conroy and O'Donnell, impersonating two types of Uncle Sam's mail carriers, will play a comedy with several successful songs, while Cook and Hamilton introduce a variety of sketches in their comedy and patter episode. A big item in the bill is the new Max Linder, a five-reel proposition emulating his hit, "The Affairs of Anatol," a whirlwind succession of laughs.

"Affairs of Anatol." (Coming to Howard.) Absorbed in the annals of screen entertainment is R. De Mille's production, "The Affairs of Anatol," a Paramount picture which comes to the Howard theater next week.

Accounting for the extraordinary. Here is the list of all stars: Wallace Reid, Gloria Swanson, Elliott Dexter, Robert Montgomery, John Barrymore, Charles Ogle, Winter Hall, Oliver, Ruth Miller, Lucien Littlefield, Zola Maje, Shamus, William Boyd, Maud Wayne, Edna Huntley, Alma Bennett, and the famous British novelist, Lady Parker, the novelist, Sir Gilbert Parker, the novelist.

"Passing Thru." (At the Howard.) "Passing Thru," the latest Thomas H. Ince production, now showing at the Howard, is the humorous tale of a young man whose willingness to assume the troubles of others involves him in serious difficulties.

Billy Barton, the leading character portrayed by Mr. Barton, draws a sentence to the penitentiary through having assumed the blame for a bank theft of which he was innocent. Before he is placed behind the bars, however, he makes his escape in a spectacular manner and seeks refuge in the village of Culverton. Here, befriended by a lady, he begins to get him into more difficulties, and his misadventures continue until the final scene of the story when a deluge of good luck more than evens the score.

"Where Men Are Men." (At the Strand.) William Duncan comes into his own in "Where Men Are Men," a story of the death valley mining district. It is the type of production to which Duncan is particularly well adapted and furnishes him opportunity to display his athletic skill and ability. It furnishes his co-star and leading lady, Edith Johnson, a type of role which is distinctly her own, and which presents womanhood in her true light capable of meeting emergencies manfully and overcoming opposition. The picture was adapted by Thomas Dixon, Jr., son of the famous author of "The Clansman." Most of the scenes show the great outdoors.

"Bits of Life." (Coming to Metropolitan.) The largest and strongest cast of players ever called together for a Marshall Neilan picture is announced for "Bits of Life," which will be the screen offering at the Metropolitan theater next week.

Among the screen favorites to be seen in "Bits of Life" are: William Barry, Lon Chaney, John Brown, Harriet Hammond, Rockwell Feagins, James J. Bradley, John Barry, Anna May Wong, Teddy Sampson, James Well, Frederick Burton, Edith Chapman, and Dorothy Mackall.

RUPTURE

EXPERT

for

MEN, WOMEN AND CHILDREN

In Atlanta,

Representing

W. S. Rice, Adams, N. Y.

Our expert, J. A. Gilligan, will be at the

Hotel, Atlanta, Ga., September 20,

21 and 22. Every ruptured man, woman

and child should take advantage of this

opportunity.

The Rice Method for rupture is known

the whole world over. You can now see

this method demonstrated and have a Rice

Appliance fitted to you. Absolutely no

operation unless you are satisfied to keep the

appliance after having the Appliance adjusted

to you. No harsh, deep-pressure springs;

nothing to gouge the flesh and make you

ache. Can be worn night and day with pos-

sitive comfort. Soft, rubber-like composi-

tion pad, any degree of pressure required.

Don't wear a truss all your life when

thousands have reported cures through using

the Rice Method. Why suffer the burden of

rupture if there is a chance to be free

from it? Don't miss this opportunity to see

Mr. Gilligan, at the Hotel, office

hours, 9 to 12 a. m. 2 to 5 p. m., evenings

7 to 9.

FINANCES BETTER,

DECLARES HARDING

Charlotte, N. C., September 22.—

Gloomy forebodings of last winter

with respect to the banking situa-

tion are no longer justified and can

be dismissed, Governor Harding, of

North Carolina, declared today.

"The banking situation has given

improved," Mr. Harding said, "and

although the process of readjust-

ment has not been completed, the

evidence is multiplying that the

corner has been turned and that

we have passed the most critical

stage of the readjustment period."

Governor Harding said that in

the immediate future much would

depend on agricultural develop-

ments and the manner in which

this year's crops were marketed.

"With proper co-operation on the

part of merchants and bankers, he

said, "those engaged in agriculture

have opportunities and prospects

which were not anticipated a few

months ago and it is of vital im-

portance that this co-operation be

given."

"It should be remembered," Gov-

ernor Harding continued, "that in

order to maintain our production

we must push our foreign trade

on the basis of one gold stock of

other nations and some means must

be devised for extending long-

range credits abroad or of interest-

ing American investors in foreign

properties and securities in order

that the exchange rate which now

runs so heavily against our nation

may be corrected."

"We must continue to buy from

foreign countries those things

which they can produce better or

more cheaply than we can and ex-

change commodities with them. If

we determine to do business with

and for ourselves alone it seems in-

evitable that we must reduce our

production to meet merely Ameri-

can requirements."

The recent advance in the price

of cotton was in no way due to

any increase in the loans of Fed-

eral Reserve banks or to any ex-

pansion of the currency, Governor

Harding declared, but to operation

of the inevitable law of supply and

demand. Federal Reserve notes ac-

tually in circulation, he said, were

about \$500,000,000 less than when

cotton reached its lowest point last

spring.

"The banking situation has given

improved," Mr. Harding said, "and

although the process of readjust-

ment has not been completed, the

evidence is multiplying that the

corner has been turned and that

we have passed the most critical

stage of the readjustment period."

Governor Harding said that in

the immediate future much would

depend on agricultural develop-

ments and the manner in which

this year's crops were marketed.

Rountree Tells

Of French Views

On Return to U.S.

BY CLIFFORD NEAR, JR.

Daniel W. Rountree, Atlanta at-

torney, returned to Atlanta Thurs-

day from his twelfth visit to Paris

and is full of interesting and in-

structive comments on that city

and the devastated regions in north-

ern France.

Mr. Rountree's first visit to Paris

was made in 1900 and when he re-

turned Thursday from his latest

visit he declared that he noticed

little change in the city during the

last 20 years. "The only change I

noticed," he said, "was in the ho-

tel, which have been modernized

and have incorporated bath-

rooms which were never seen 20

years ago. Bathrooms in the hotel

are even now as scarce as hen

teeth. Most of the towns in north-

ern France, he said, are still in

the hands of the Germans. The

last month when we stopped at a

hotel at Rheims, and as there were

only three baths in the hotel, we

found it necessary to take turns."

When asked how French hotels

compared with American hostels,

he stated that the Claridge hotel

at Paris is as good as the Hotel

at New York, but that those in

the provinces were below those

in America.

Respect Americans.

The respect which was expressed

on every hand for Americans was

a revelation to Mr. Rountree, for

reports have been circulated

throughout the United States that

the French are disgusted with

Americans. However, when prohibi-

tion was mentioned in the presence

of a Frenchman, he said, "I have

heard of that, but I have never

heard of it being true. I have

heard of it being true. I have

heard of it being true. I have

heard of it being true. I have

heard of it being true. I have

heard of it being true. I have
